All Trails Club

Membership

The Town of Bolton has 15 properties actively managed by the Bolton Trails Committee in collaboration with the Bolton Conservation Commission and the Bolton Conservation Trust. Two state owned Wildlife Management Area properties are also present within Bolton's town boundaries that residents and visitors may enjoy. The Bolton Trails Committee collaborated in 2015 to collect trail data which allowed for the first updated trail guide for the town in nearly 20 years. Then, in 2016, all of the trail segments in town were measured with a surveyor's wheel and for the first time, the exact trail mileage in town was documented. These Bolton Trails Committee efforts were highlighted in two newspaper articles ([One Hundred Hikes in Bolton](#) and [Take a Guess and Take a Hike](#)).

It has now been established that we have access to over 45 miles of trails which are made up of more than 500 individual segments. In order to hike all segments, most segments need to be gone over more than once. It is likely that one needs to hike more than 80 miles in order to successfully hit every segment of trail in town!

If you want to explore the entirety of Bolton's trail system, scan the QR code at the Town Clerk's desk at town hall or at one of several trailheads in town to use a map on your mobile device. Alternately, download the trail maps from this website and head out exploring. If you would like to be listed as a member of the All Trails Club, review the application form here ([Bolton, MA All Trails Club Application](#)). Document that you have hiked each individual segment and mail your completed application to info@boltontrails.org and your name will be added to the list found here ([Bolton, MA All Trails Club Membership](#)). The first 100 people to reach this milestone will receive a custom *All Trails Club* patch!

Go explore your local outdoors!

Discover how Bolton is connected in ways other than by roads!

Best of luck with your in-town adventures!
