

Take a Walk on the Wild Side

at

Houghton Farm Conservation Area

Self-Guided Walking Tour

Duration: ~1 hour

Parking: The trailhead off of Houghton Farm Lane

Weather Policy: rain or shine

Recommended Gear: Participants should dress appropriately. We encourage participants to bring water. This time of year, ticks and mosquitos are out, utilizing repellents and covering exposed skin are encouraged. Please wear appropriate footwear. During cold winter months it is encouraged to dress in layers.

Pet Policy: Dogs are welcome if under direct control of owner; one dog per adult hand, you must have a leash per dog on your person at all times. Trail users MUST remove and carry out all that their companion may bring into the property. Come prepared with bags to scoop your dog's poop, it must be removed even if it is not on the trail.

Bolton's Conservation Commission welcomes you to the self-guided tour of our conservation area!

We welcome you to our self-guided tour on Houghton Farm Conservation Area. This trail head hosts a kiosk created by Ben Czekanski to contribute to his Eagle Scout project. There is minimal parking, please try another property if there are already 2 cars. When parking please double check to make sure you are not obstructing the roadway in any manner.

To navigate through this self-guided tour, you will need a cellphone, or QR reading app and to familiarize yourself with what a "QR code" looks like. There are 10 QR codes throughout the trail which you can scan to learn more about the Houghton Farm Conservation Area. When you approach the QR code simply open your camera (or QR code reading app) and hold your phone centered over the QR Code. Your phone will then display a pdf summarizing information about the property. You may then continue on the trail and repeat this process.

While you are out exploring why not track your miles and become an All Trails Club member!
